

Job Title: Business Development Manager

Reports To: Regional Sales Director

Department: Sales

COMPANY DESCRIPTION

HomeEquity Bank is the leading national provider of reverse mortgages to homeowners aged 55 and over, Canada's fastest growing demographic segment. HomeEquity Bank originates and administers Canada's largest portfolio of reverse mortgages under the CHIP Home Income Plan™ brand. New mortgages are originated on a direct to consumer basis as well as through referral arrangements with the six largest banks, leading mortgage brokers and financial planning firms. HomeEquity Bank has been the main underwriter of reverse mortgages in Canada since its predecessor; Canadian Home Income Plan Corporation pioneered the concept in 1986.

HomeEquity Bank has a highly effective direct-to-consumer distribution model (B2C), as well as an established referral network (B2B), including Canada's major banks, credit unions, financial planners and mortgage brokers.

HomeEquity Bank is exceptionally well positioned for further growth for a number of very important reasons: 1) positive demographic trends in the 55 years old and over segment, 2) wider awareness and growing demand of reverse mortgages in the market, 3) significant barriers to entry for competitors, and 4) HomeEquity Bank's firm position as market leader.

POSITION SUMMARY
